This application must be submitted to the Office of the Registrar 10 days before classes start in the semester for which you are applying for residency. Section 3: Basis on which you believe you qualify for classification as an Indiana resident

You will qualify for classification as an Indiana resident if:

You are an adult *or emancipated minor* and either you or your spouse meets one of the following criteria. You are an *unemancipated minor* and either of your parents/guardians meets one of the following criteria.

Please check the criterion for which you, your spouse or your parents qualify. Check only one.

Criterion 1: Residence within the state of Indiana for reasons other than educational purposes for 12 consecutive months <i>prior to</i> the start of the semester for which you are applying for residence and sufficient proof of intent to make the State of Indiana a permanent home for an indefinite period. <i>Note: You typically will not qualify under this criterion if your primary purpose for being in Indiana is to attend Indiana State University. Simply living in Indiana for 12 months <i>does not qualify you</i> as an Indiana resident for fee purposes. Determining residency is not based solely on length of time in Indiana, but rather on your purpose for being in Indiana.</i>
Criterion 2: Presence within the State of Indiana for purposes of retirement, full-time employment, professional practice, or to conduct a business full-time. <i>To qualify under this criterion, you must document that you, your spouse, or your parent(s) (if you are an unemancipated minor) are currently residing in Indiana for one of these purposes.</i>
Criterion 3: Military personnel.
Criterion 4: Graduate Student
