

# Technical Assistance

In 1985, the Blumberg Center for Interdisciplinary Studies in Special Education at Indiana State University (ISU) was established to positively impact the education of students with exceptionalities. The Blumberg Center embraces a culture of belonging, presumed competence, high expectations, and access to quality education for all.

The Center offers technical assistance to schools and districts by providing resources, professional learning, coaching, and implementation support. All technical assistance opportunities are customizable to meet the needs of each school and district.

Topics include, but are not limited to the following:

- IEP Development and Implementation
  - Present Levels of Academic Achievement and Functional Performance
  - Goal Writing and Progress Monitoring
  - Services, Supports, and Specially Designed Instruction
  - Functional Behavior Assessments and Behavior Intervention Plans
- Inclusive Practices to Support All Learners
  - High-Leverage Practices
  - Explicit Instruction
  - Universal Design for Learning
  - Co-Teaching
  - Executive Function
  - Best Practices to Support Multilingual Learners
- Supporting and Responding to Students' Social, Emotional, and Behavioral Needs
- Implementation of Multi-Tiered System of Supports
- Data-Based Decision Making
- Leading the Charge: Supporting Administrators to Support Staff
- Paraprofessional Training and Support

For more information, complete a Service Request form and a TA Specialist will follow-up to determine how the Center can best meet your needs on a fee-for-service basis.
