5d1 Operating Budgets, 2016-17

Presented below are balanced operating budgets based upon estimates of tuition revenue, State appropriations, and other available sources for the fiscal year 2016-17. It is recommended the President of Indiana State University be further authorized to establish salaries and wages for the 2016-17 fiscal year within the capabilities of budgeted resources.

Recommendation: Approval of the following operating budgets for the 2016-17 fiscal year and authorization of the President of Indiana State University to establish salaries and wages within the capabilities of budgeted resources.

INDIANA STATE UNIVERSITY 2016-17 Budgets

The General Fund, Student Services, Auxiliary and Other Operating Units, and Line-Item summary budgets for 2016-17 are described below along with the related key planning points as discussed with the Board of Trustees Finance Committee on February 19, 2016.

GENERAL FUND BUDGET

Revenues

Revenue projected for the General Fund budget in 2016-17 totals \$175,800,000, a 2.7% increase compared to 2015-16. The change in revenue comes primarily from a general student fee increase for resident and non-resident students, an increase in budgeted student enrollment, an increase of \$165,375 from Residential Life and \$30,000 from the Student Recreation Center for utility cost reimbursement, and other miscellaneous revenue adjustments.

The operating appropriation decreased by \$264,829 from the 2015-16 level. Budgeted tuition for 2016-17 assumes an average of 100% of the undergraduate and graduate full-time equivalent enrollment of the previous two fall semesters. The increase in net budgeted tuition of \$2,226,665 includes a 1.95% tuition and mandatory fee increase (\$1,865,706), enrollment growth (\$2,828,704), the offset of the increase in the debt service appropriation, and other minor budget adjustments. Overall, student tuition represents 53.1% of the total general fund budget (compared to 37.5% for state operating appropriations).

To meet the priorities and commitments reflected in the budget, reallocations (reductions) were required as a part of the 2016-17 budget planning process. A total of \$545,084 was reallocated from 2015-16 base budgets to fund increases in compensation and other priority budget items. Included in this amount is \$343,851 of retiree life insurance premiums to be charged to the VEBA Trust, effective July 1, 2016.

The state maintained the same level of support for Degree Link, a separate line item appropriation, as during the 2015-16 year of \$446,438. The appropriation is accounted for in a separate cost center budget to support the delivery of Indiana State University baccalaureate degree programs at Ivy Tech Community College and Vincennes University locations.

Expenditures

I. Compensation

The 2016-17 operating budget contains a projected two percent (2.0%) increase pool for salary adjustments plus amounts set aside for faculty and staff target salary programs. Criteria for any salary adjustments will be determined once enrollment numbers are known for the Fall 2016 semester and an assessment of overall budgetary conditions has been made. Faculty promotions and degree adjustments are funded internally within Academic Affairs. Student wage departmental budgets were also increased by two percent (2.0%) overall.

Fringe benefit budgets allocated to each division of the University are annually realigned to more closely reflect actual expenditure patterns. The University provides eligible employees with a full benefit package which includes health coverage (medical, Rx, dental), retirement contributions, life insurance, and long-term disability. For 2016-17, the net decrease in budgeted fringe benefits amounts to \$156,982. This is inclusive of the savings, described below, by further activation of the VEBA Trust.

In 1998 the University established a Voluntary Employees Benefit Association Trust (VEBA) to set aside reserves to offset the liability for post employment benefits (retiree health and life insurance). As of March 31, 2016, the market value of the VEBA Trust is \$82 million. The actuarial accrued liability as of June 30, 2015, was \$64.3 million. Currently seventy-five percent (75%) of the cost of the University share of eligible retiree health premiums is charged to the Trust. Effective July 1, 2016, one hundred percent (100%) of all retiree health premiums will be charged to the Trust resulting in approximately \$724,036 of additional savings to the University for 2016-17. Furthermore, retiree life insurance premiums will also be fully charged to the Trust resulting in \$343,851 of savings.

II. Departmental Supplies and Expense

Adjustments to the supplies/expense budgets and repair/maintenance lines include various realignments within departments and divisions of the University to more accurately reflect appropriate budgetary classifications. In addition, University-wide utility budgets were increased by \$270,360 to provide for projected growth in utility expenses. As mentioned previously, Residential Life is contributing an additional \$165,375 for a total of \$3,472,875 to partially offset the cost of providing utilities to this auxiliary unit of the University. Various other allocations are included to support the strategic plan and unavoidable growth in some areas.

III. Equipment and Other Capital

A fund for capital improvements of \$4,000,000 is maintained as a part of the 2016-17 budget. The adopted State budget for the 2015-17 biennia provides approximately \$1.4 million of repair and rehabilitation funding for 2016-17 with the expectation that institutions provide additional resources as a part of their respective budgets. These funds will be used to address deferred renewal needs of academic/administrative facilities.

IV. Student Scholarships

The recommended student scholarship and fee remission budget for 2016-17 totals \$13,381,221 (or 7.6% of the total general fund operating budget). This amount is inclusive of a two percent (2%) increase from the 2015-16 level.

The scholarship and fee remission budget consists of two components. The major portion (\$13,181,221) will be awarded directly to students through such programs as the President's Scholars and various other academic and need based scholarships as well as institutional fee remissions for undergraduate and graduate students. The second portion (\$200,000) of the budget accounts for matching funds needed for participation in federal student aid programs.

An additional component of Student Scholarships is the laptop scholarship program for incoming freshman and transfer students with a minimum 3.0 G.P.A. Base funding of \$1,415,000 is provided in a separate student aid allocation.

V. Reserves

An allocation of \$2,050,000 was set aside as a part of the 2015-16 budget to fund high priority strategic initiatives. During the past fiscal year \$1,723,473 of this amount was allocated to support base budget needs of strategic importance. An additional \$1,250,000 has been added to the reserve pool for strategic initiatives as a part of the 2016-17 budget.

A second reserve pool of three percent (3%) of the previous year budget is set aside to absorb any revenue shortfalls. For the 2016-17 year, this amounts to \$5,133,330.

STUDENT SERVICES BUDGET

The Student Services budget allocates a portion of student tuition to operating units within the Designated and Auxiliary fund groups to support student activities and related programs. These funds are primarily used to offset increased operating costs for those units supported by the Student Services budget. Included in the Student Services budget for 2016-17 is an increase of \$280,812 in the allocation of student tuition to support student activities and

related programs and a decrease of \$135,700 in Student Recreation Center fees resulting from a partial refinancing in 2014-15 of related facility debt service.

AUXILIARY AND OTHER OPERATIONS

Auxiliaries are operated as independent units supporting students and the University in various capacities. Residential Life is the largest University auxiliary unit. Each of the Auxiliary units generates outside revenues to support the individual operating budget of each unit. The financial planning components for the General Fund Operating budget were also used in the preparation of the Auxiliary budgets.

As in prior fiscal years, a reserve pool for capital improvements is maintained as a part of the Residential Life budget. This reserve pool will be allocated to planned future improvements for student housing facilities.

LINE-ITEM APPROPRIATIONS

As stated earlier, the state maintained the same level of line-item appropriation support for the Degree Link program as in the 2015-16 year. The total appropriation for 2016-17 remains at \$446,438.

Other line-item appropriations allocated to the University for 2016-17 include; \$204,000 for the ISU Nursing Program, \$147,950 for Dual Credit programs, and \$600,000 for the Indiana Principal Leadership Institute operated by the Bayh College of Education.

The Board of Trustees previously approved the renovation of Cromwell Residence Hall as Phase III of a comprehensive renovation of the Sycamore Towers complex. Funding for the project is from residence hall capital reserves of \$4,000,000 and bond proceeds not to exceed \$16,100,000 (inclusive of bond premium or net of discount) plus additional amounts for cost of issuance. Renovations will begin in May at the conclusion of the Spring

WHEREAS, the Board of Trustees (the “Board”) of the Indiana State University Board of Trustees (the “University”) has full power and authority under and by virtue of the laws of the State of Indiana, including, more particularly, the provisions of Indiana Code 21-35-1 et seq., to issue bonds to finance or refinance housing and dining facilities on its campus in Terre Haute, Indiana, such bonds to be secured by the net income derived from such facilities; and

WHEREAS, the Board has determined that a necessity exists to consider financing all or a portion of the costs of the acquisition, construction, expansion, renovation and equipping of certain housing and dining facilities on the University’s campus in Terre Haute, Indiana, as described in Exhibit A attached hereto (the “Project”); and

WHEREAS, the University has heretofore executed and delivered to First Financial Bank, N.A. (the “Trustee”) a certain Indenture of Trust dated as of November 1, 2009, as heretofore supplemented and amended (the “Indenture”), for the purpose of securing its Indiana State University Housing and Dining System Revenue Bonds (hereinafter sometimes referred to as the “Bonds”), to be issued from time to time thereunder; and

WHEREAS, the Treasurer of the University (the “Treasurer”) has investigated, developed and evaluated a Plan of Financing (the “Plan of Financing”) for the financing of all or a portion of the costs of the Project; and

WHEREAS, the Board now desires to authorize the Treasurer to effectuate such Plan of Financing for the financing of all or a portion of the costs of the Project; and

WHEREAS, Article III of the Indenture authorizes the issuance of additional series of Bonds by the University and the authentication and delivery of such additional series of Bonds by the Trustee under the conditions set forth in Article III, which conditions have been complied with (subject to any approvals as may be required from the State Budget Committee and the State Budget Director of the State of Indiana) so as to authorize the issuance, authentication and

delivery of an additional series of Bonds by the Trustee under the conditions set forth in Article III, to provide the funds required to finance all or a portion of the costs of the Project, as well as certain related costs incidental to the financing; and

WHEREAS, the Board now desires to authorize the execution and delivery of the Indiana State University Housing and Dining System Revenue Bonds, Series 2016 (the "Series 2016 Bonds"), and a Sixth Supplemental and Amendatory Indenture (the "Sixth Supplemental Indenture"), a Construction and Rebate Agreement (the "Rebate Agreement"), a Preliminary Official Statement (the "Official Statement"), a final Official Statement, a Bond Purchase Agreement (the "Bond Purchase Agreement"), a Fifth Supplement to Amended and Restated Continuing Disclosure Undertaking Agreement (the "Fifth Supplement to Undertaking Agreement"), forms of the Series 2016 Bonds, and any further documents required to complete the execution and delivery of the Series 2016 Bonds (subject to any approvals as may be required from the State Budget Committee and the State Budget Director of the State of Indiana); and

WHEREAS, there has now been made available to the Board a form of Sixth Supplemental Indenture, a form of Rebate Agreement, a form of Official Statement, a form of Bond Purchase Agreement and a form of Fifth Supplement to Undertaking Agreement in connection with the issuance of the Series 2016 Bonds in an aggregate principal amount not to exceed \$16,100,000, plus additional amounts needed for underwriter's discount as described below and any original issue discount or bond premium, as permitted by law, capitalized interest (if any), costs of issuance, any amounts necessary to provide for any debt service reserve fund, and costs of any premiums for bond or debt service reserve fund insurance; and

WHEREAS, the Board now desires to authorize and direct the President of the University (the "President") and the Treasurer to do any and all acts and things, to seek any necessary approvals from the State Budget Committee and the State Budget Director of the State of Indiana, and to make and approve all changes in form or substance to the Sixth Supplemental Indenture, the Bond Purchase Agreement, the Rebate Agreement, the Fifth Supplement to Undertaking Agreement or the Official Statement, necessary to secure approval of the transaction contemplated herein by any rating agency, bond insurer, reserve fund surety bond provider, or the State of Indiana; and

WHEREAS, the University intends to acquire, construct, equip, renovate and/or rehabilitate the various components of the Project, and reasonably expects to reimburse certain costs of the Project with proceeds of debt to be incurred by the University; and

WHEREAS, the University expects to issue debt not exceeding \$16,100,000 in aggregate principal amount for purposes of financing, refinancing or reimbursing all or a portion of the costs of the Project, plus additional amounts needed for costs of issuance, any debt service reserve fund, costs of any premiums for bond or debt service reserve fund insurance, underwriter's discount and original issue discount/bond premium as provided by law, capitalized interest (if any), and other incidental costs as required by the issue;

EXHIBIT A

The Project

The Project consists of the renovation of Cromwell Hall, as the third phase of a comprehensive renovation of Sycamore Towers. The Cromwell Hall renovation project will be comprised of the renovation of approximately 100,468 square feet of residence hall space in Cromwell Hall, and will include the installation of new lighting, doors and hardware throughout, and restoration of exterior masonry, as well as new mechanical systems – including the installation of new HV/AC and fire suppression systems. The renovated facility will provide a total of approximately 360 beds. The Cromwell Hall renovation project is a part of a systematic upgrading of residence hall facilities to provide living and learning spaces that are attractive to prospective and returning students.

The overall cost of the Cromwell Hall renovation project is estimated at approximately \$20,100,000, of which approximately \$4,000,000 will be funded from Housing and Dining System reserves and approximately \$16,100,000 will be funded from proceeds of the Series 2016 Bonds. The Cromwell Hall renovation project is expected to be completed for Fall 2017 occupancy.

5d3 Sycamore Towers Renovation – Phase IV

As a part of the Campus Master Plan, a complete renovation of Sycamore Towers is underway. The first phase (Mills Hall) is complete with the second phase (Blumberg Hall) near completion. The third phase (Cromwell) is scheduled to begin at the end of the Spring 2016 semester.

The final phase of the Sycamore Towers renovation (Rhoads Hall) is planned to start May 2017. Authorization is needed to retain architectural and engineering services and receive construction bids for Rhoads Hall. An estimated Phase IV total project cost not to exceed \$23,000,000 is incorporated in the five-year capital and debt plans of the University. Funding for this project will be from residence hall reserve funds and long-term debt issued in the form of bonds.

Recommendation: Authorization for the Treasurer of the Board of Trustees to request from the Commission for Higher Education, the State Budget Committee, and the Governor of the State of Indiana authority to expend up to \$23,000,000 for Phase IV of the Sycamore Towers renovation. The Treasurer is further authorized to take the following action:

- a. To develop a plan of financing for the Phase IV renovation of Sycamore Towers and to obtain all necessary State approvals; and
- b. To engage RATIO Architects, Inc. to provide architectural and engineering services and prepare construction documents; and
- c. To enter into contracts to renovate, equip, and to finance the renovation of Phase IV after securing State approvals.

5d4Year-End Closing Authorization

The State Board of Accounts has advised that the Treasurer of Indiana State University obtain approval from the ISU Board of Trustees to make year-end closing entries. These entries normally consist of making transfers, adjustments, and consolidations necessary to insure the elimination of minor budgetary overdrafts, and the write-off of bad debt. The closing of the financial records is guided by GASB accounting and reporting standards and best business practices.

Recommendation: Authorization of the Treasurer or designee to make all necessary year-end closing entries and distributions.

5f New Program Healthcare Analytics Certificate

Analyzing big data to improve decision making is one of the top priorities of many organizations, including those in the healthcare industry. With federal mandates for health insurance and electronic health records, voluminous clinical, operational and reimbursement information is now in a form more amenable to be used for clinical research and business decisions. However, there is a shortage of healthcare data analysts, given the multidisciplinary nature of health analytics that requires business and healthcare knowledge and technical know-how.

The proposal has been approved by the Dean and Faculty of the Scott College of Business, Faculty Senate, and has the support of the Provost and Vice President for Academic Affairs.

Recommendation: That the Healthcare Certificate Program, in the Scott College of Business, be approved effective Fall 2016, pending approval of ICHE.

5g New Program Interior Architecture Design Minor

Provide the opportunity for students to appreciate the profession of Interior Architecture Design (IAD). Any student with plans to pursue the residential real estate market, facilities management, or any position related to renovating spaces would benefit from understanding the issues of spatial planning and related design. This minor will be attractive to current ISU students in programs such as: Construction Management, Architectural Engineering Technology, Art, Aviation Management, Business Administration, Marketing, and Management.

The multiple 100 level courses provide an introduction to the technical hand drafting and rendering methods, industry standard software, introduction to various interior finish materials and spatial design. The basic skills provided in these courses will familiarize someone with the industry terminology and practices without the in depth level provided in the design studios. Additionally, the IAD454 History class focuses on contemporary history and is more pertinent to current design trends.

Pre-requisites for IAD454 will be waived for students enrolled in the IAD minor program. The pre-requisite of ARTH271/272 is only required of IAD majors due to accreditation criteria. Likewise, the pre-requisite of IAD354 for IAD454 for IAD majors is less of a knowledge based pre-requisite and more of a schedule based pre-requisite as these courses are only offered once per year and balance the 4-year plan sequence. Total credit hours required is 18.

The proposal has been approved by the Dean and Faculty of the College of Technology, Faculty Senate, and has the support of the Provost and Vice President for Academic Affairs.

Recommendation: That the Interior Architecture Design minor, in the College Technology, be approved effective Fall 2016

Recommendation: Approve the revision to Policy 270 University Committees and the revision to 246.2. Administrative Affairs Committee.

5h3 Approval of Policy 460 Student Grievances (Dr. Licari)

Policy 460 Student Grievances allows students the option to submit a grievance when the student has been improperly, unfairly, or arbitrarily subjected to action or inaction by an employee that adversely affects the student in a personal or academic capacity. The policy includes exclusions for existing processes for resolution of issues and does not include general complaints about the content of a course or a university policy. The Faculty Senate, Staff Council, and Student Government Association have approved the adoption of Policy 460.

460 Student Grievances

460.1 Scope of the Policy. Subject to the listed exclusion noted below, any currently enrolled student or student enrolled in the previous academic year may submit a grievance alleging improper, unfair or arbitrary action or inaction by an employee of Indiana State University that adversely affects the student in a personal or academic capacity.

460.1.1 Exclusions Because of Other Processes. Because other issue-specific processes exist for resolving certain matters, this policy does not apply to the following areas:

460.1.1.1 Student Grievances Involving Other Students or Non-Employees. Student complaints or grievances against other students or individuals or groups not employed by Indiana State University will not be handled through the Student Grievance Process. Student complaints or grievances against other students are handled through the Student Conduct and Integrity Office.

460.1.1.2 Grade Appeals. Grade appeals will follow the policy and process set forth in [323 University-Level Grade Appeals](#).

460.1.1.3 Allegations of Discrimination. Allegations of discriminatory behavior as set forth in [921 Americans with Disabilities Policy](#), [922 Policy Prohibiting Sexual Misconduct, Intimate Partner Violence, and Stalking](#), and [923 Discrimination and Harassment Policy](#) will be forwarded to the Equal Opportunity and Title IX Office for investigation and resolution.

460.1.1.4 Program Dismissals, Financial Aid Appeals, Residential Life Housing Decisions.

Appeals related to academic program dismissal, denial of financial aid, and residential life housing decisions will be handled in accordance with the policies and procedures required by the program, academic or operational department, or college.

460.1.1.5 Code of Student Conduct Violations. Violations of the Code of Student Conduct will be forwarded to the Office of Student Conduct and Integrity for investigation and resolution.

460.1.2 Exclusion for Academic Freedom. The procedures for investigation and resolution of student grievances shall ensure compliance with AAUP guidelines for academic freedom and faculty duties and responsibilities. Faculty members are expected to conduct themselves in accordance with these guidelines, as set forth in [310 Faculty Duties and Responsibilities](#). Complaints about overall course content or pedagogy are excluded from this policy.

460.1.3 Other Exclusions. This policy does not apply to general complaints about (1) employee performance (2) the substance of a particular academic course or program (3) or institutional rules and regulations. Students who wish to make a complaint about an ISU employee may utilize the course evaluation process, make a verbal or written complaint to the department chair or supervisor, or utilize the online reporting function for complaints and concerns. The University Ombudsperson in the Office of the Dean of Students is available to assist students in making general complaints.

460.2 Procedures for Investigation and Resolution. The Office of Academic Affairs, the Division of Student Affairs, and the General Counsel will develop procedures for the investigation and resolution of student grievances for presentation to the President for approval. The procedures will include review for any violations of ISU non-discrimination policies, including [921 Americans with Disabilities Policy](#), [922 Policy Prohibiting Sexual Misconduct, Intimate Partner Violence, and Stalking](#), and [923 Discrimination and Harassment Policy](#).

460.2.1 Respect for Rights of Parties. All parties to a Student Grievance are entitled to due process, including notice, the presence of an advisor, a hearing of record- and the opportunity to confront any adverse witnesses and/or to respond to adverse information.

460.2.2 Student Grievance Committee. A Student Grievance Committee will be nominated by the governance units and appointed by the President in accordance with the approved procedures.

460.2.3 Standard of Evidence. The Student Grievance Committee will be charged with: (1) determining whether it is more likely than not that employee engaged in improper, unfair, arbitrary action against the student that adversely affected the student in a personal or academic capacity; and (2) making a recommendation as to sanctions and/or academic modification should the committee determine that improper, unfair, or arbitrary action against the student occurred.

460.2.4 Appeal. Either party may appeal the outcome of the hearing to the President within ten (10) calendar days of notification of the Committee's decision by submitting a written appeal to the Office of the President. The only basis of appeal to the president is lack of due process.

460.3 No Retaliation. Retaliation for the submission of a student grievance or participation in its investigation and resolution is prohibited.

460.4 Suspension or Retention of College-Level Policies and Procedures. The grievance procedures approved by the College of Health and Human Services on March 26, 2011 are suspended. Further, that section of the policy document entitled "Due Process, Faculty and Student Academic Related Appeals in the Bayh College of Education" approved by the Bayh

College of Education Congress on April 9, 2012 involving the “right to grieve a matter where the student feels that his or her rights have been impinged by a faculty member or supervisor” is suspended. The student grievance procedure in the Bayh College of Education for (a) denial of admission to a program, (b) course grading, (c) academic dismissal from the University, and (d) fulfillment of requirements for graduation are retained.

Recommendation: Approve the adoption of Policy 460 Student Grievances.

5h4 Approval of Policy 502 Prohibition on Hostile or Intimidating Workplace Behavior (Dr. Licari/Ms. McKee)

The President recommends approval of Policy 502 Prohibition on Hostile or Intimidating Workplace Behavior, which provides the option for employees to utilize existing grievance procedures if subjected to hostile or intimidating workplace behavior by colleagues or supervisors. The policy does not replace normal workplace management policies, but provides an additional mechanism for review and resolution. Faculty Senate and Staff Council approved the adoption of Policy 502.

Proposed

502 Prohibition on Hostile or Intimidating Workplace Behavior. ISU is committed to the principles of integrity, fairness, and professionalism in the workplace as espoused in [Policy 501 Faculty and Staff Principles of Conduct](#). Hostile or intimidating workplace behavior is unacceptable and will not be tolerated.

502.1 Definition of Hostile and/or Intimidating Behavior. Behavior that is hostile and/or intimidating and that is pervasive or severe enough that a reasonable person would find that it has the effect of unreasonably interfering with an individual’s or group’s work environment is prohibited. A person or a group can perpetrate this behavior. The person need not be more senior than or a supervisor to the target. Unacceptable behavior may include, but is not limited to:

- a) Abusive expression (including spoken, written, recorded, visual, digital, or nonverbal, etc.) directed at another person in the workplace, such as derogatory remarks or epithets that are outside the range of commonly accepted expressions of disagreement, disapproval, or critique in an academic culture and professional setting that respects free expression;
- b) Unwarranted physical contact or intimidating gestures;
- c) Conspicuous exclusion, isolation, or targeting having the effect of harming another person’s reputation in the workplace and hindering another person’s work;
- d) Sabotage of another person’s work or impeding another person’s capacity for academic expression, be it oral, written, or other;
- e) Abuse of authority, such as using threats or retaliation in the exercise of authority, supervision, or guidance, or impeding another person from exercising shared governance rights.

502.2 Repeat or Singular Acts. Repeated acts or a pattern of hostile and/or intimidating behaviors are more likely to be considered pervasive and severe. An especially severe or egregious single act may warrant either discipline or dismissal.

502.3 Context of Academic Freedom. Indiana State University has an enduring commitment to academic freedom, freedom of expression, and the conception of the University as a place that must encourage and foster the free exchange of ideas, beliefs, and opinions, however unpopular. ISU adheres to the principles of academic freedom as set forth in the AAUP’s *1940 Statement on Academic Freedom and Tenure*. The policy is not intended to constitute a general civility code addressing ordinary stresses of the workplace, such as occasionally insensitive language or behavior.

502.4 Workplace Management.

This policy is not intended to constrain commonly accepted workplace management practices, nor does it constitute the only mechanism for employees to address concerns about hostile or intimidating workplace behavior. Supervisors may address unacceptable behavior through normal management practices.

502.5 Allegations of Discrimination. Allegations of discriminatory behavior as set forth in [921 Americans with Disabilities Policy](#), [922 Policy Prohibiting Sexual Misconduct, Intimate Partner Violence, and Stalking](#), and [923 Discrimination and Harassment Policy](#) will be forwarded to the Equal Opportunity and Title IX Office for investigation and resolution.

502.6 Procedures for Resolving Accusations of Hostile and/or Intimidating Behavior. A person who has been the target of hostile and/or intimidating behavior by someone within their employee class may use the grievance policy associated with their employee class. ([246.14 University Faculty Grievances](#); [565 Staff Grievances](#)). When the complainant and the respondent are from different employee classes, [Policy 501.3 Grievance Procedures between Employee Groups](#) will be used.

502.7 Outcomes.

502.7.1 Discipline for Faculty Discipline can be imposed on faculty members for violations in compliance with the requirements of the formal processes delineated in the Chairperson’s and/or Dean’s authorities regarding Deficient Performance as outlined in [Policy 350.2.9.1.3 Academic Department Chairperson](#) or [Policy 246.13 Faculty Discipline and Dismissal](#).

502.7.2 Discipline for Staff. Discipline can be imposed on staff in compliance with the requirements of the formal processes delineated in [Policy 562 Staff Discipline, Termination, and Resignation](#).

Recommendation: Approve the adoption of Policy 502 Prohibition on Hostile or Intimidating Workplace Behavior.

5h5 Modification of Policy 246.13 Faculty Discipline and Dismissal, Policy 350.2.9.1.3 Deficient Performance, and Policy 501.2 Extraordinary Measures (Dr. Licari)

As part of the discussions related to the proposed Policy 502, the administration and Faculty Senate identified a need to revise existing policies related to discipline, dismissal, and reassignment of a faculty member. The proposed revision to Policy 246.13 provides for progressive discipline options for faculty and a more streamlined process for discipline and dismissal. The proposed revision to Policy 350.2.9.1.3 clarifies the options both discipline and dismissal and the revision to Policy 501.2 ensures that faculty and staff may utilize existing grievance procedures if reassigned.

Revision to 350.2.9.1.3 Deficient Performance

350.2.9.1.3 Deficient Performance. If a department chairperson becomes concerned that a faculty member may be performing his or her duties and responsibilities of employment deficiently, the chairperson shall investigate the matter. If the investigation confirms the chairperson’s concern, he/she should attempt an informal resolution. If the matter is not resolved informally, the chairperson should notify the faculty member of his/her intent to pursue a formal resolution.

350.2.9.1.3.1 Time for Response. After the faculty member has received notification of the chair’s intention, he/she shall be given five (5) working days to provide evidence to counter the chairperson’s concern or to propose a satisfactory remedy to the situation with a stipulated timeline.

350.2.9.1.3.2 Right of Consultation. The faculty member and/or the chairperson may seek consultation of members of the department personnel committee regarding judgments of deficient performance and satisfactory remedies.

350.2.9.1.3.3 Written Admonishment. If the faculty member fails to provide sufficient evidence to counter the chair’s concern or to remedy his/her deficient performance as was proposed, the chairperson shall provide the faculty member with a written admonishment that sets forth the deficiency of performance, actions the faculty member can take to remedy the deficiency, and a date by which the deficiency must be remedied. A copy of the written admonishment may be provided to the department personnel committee and dean.

350.2.9.1.3.4 Chair’s Evaluation of Subsequent Performance. If the chairperson determines a sufficient remedy has been accomplished, a letter stating that will be included in the personnel file. If the deficient performance continues following a written admonishment, the chairperson shall notify the faculty member, the personnel committee, and the dean of the continued deficient performance formally enlisting the dean’s assistance.

350.2.9.1.3.5 Dean’s Prerogative. Upon the receipt of a notice of continued deficient performance, the dean may require a remediation plan, ~~may~~ render the faculty member ineligible for any and all course releases or travel funds to which they may otherwise be entitled, or ~~may~~ recommend additional actions be taken by the Provost. Those additional actions could include (but are not limited to) a reassignment of workload, the denial of all compensation adjustments for a defined period, and/or the initiation of the **discipline**/dismissal process following procedures outlined elsewhere in this Handbook.

350.2.9.1.3.6 Right of Rebuttal. A faculty member who receives a written admonishment, a notification of continued deficient performance, or other penalty imposed by the dean shall have five (5) working days to provide a written rebuttal with copies to the chairperson, the departmental personnel committee and the dean. The

departmental personnel committee may also submit one or more letters, in support of the chairperson's or dean's decision, or the faculty member's response.

350.2.9.1.3.7 Personnel Files. All documents associated with this policy (written admonishments, notices of continued deficient performance, decision by the dean, and letters of rebuttal or support) shall be placed in the faculty member's official personnel file (as outlined elsewhere in the handbook) and may be provided to the personnel committee at the time of the next review.

350.2.9.1.3.8 Due Process. Faculty members may use established, college-level grievance procedures to review the accuracy and relevance of concerns and/or the actions taken and request a corrective response.

Revision to 501.2 Extraordinary Action.

501.2 Extraordinary Action.

When presented with credible evidence of performance, behavior, and/or dereliction of duties that constitutes a clear and present harm to the University, employees and/or students, the President or the Provost may immediately reassign the employee/faculty member for a stipulated period of time, which may be extended. This action will initiate a more complete investigation of the situation and, in all cases, the employee/faculty member shall be afforded due process per the appropriate grievance policies in the ISU Handbook.

Recommendation: Approve the revisions to Policy 246.13 Faculty Discipline and Dismissal, Policy 350.2.9.1.3 Deficient Performance, and Policy 501.2 Extraordinary Measures and approve revision to all references to the Faculty Dismissal Committee as the Faculty Discipline and Dismissal Committee.

5h6 Revision and Approval of Policy 560 Staff Hiring, Performance, Promotion, and Transfer, Policy 562 Staff Discipline, Termination, and Resignation, and Policy 565 Staff Grievances (Ms. McKee)

As part of the discussions related to the proposed Policy 502, the administration and Staff Council identified a need to revise existing policies. The proposed revisions renumber the existing Policy 560 Support Staff Policies into separate policies and ensure that they apply to all staff. These revisions only include minor modifications to the language of the policies, but will provide additional guidance to staff about rights and responsibilities.

Revision to Policy 560 Staff Classifications, Performance, Promotion, and Transfer

560 Staff Classifications, Performance, Promotion, and Transfer

560.1 Classification of Staff Positions. The classification and pay grade of approved positions will be determined by the Office of Human Resources. Both regular and temporary staff are considered employees at-will, with no guarantee of continued employment for any fixed period of time.

560.1.1 Regular Staff Position. A regular position is one that is expected to continue longer than six (6) months and may be either full-time or part-time.

560.1.1.1 Full-Time. A full-time position is at least 37.5 hours of work per week. Persons with such positions participate in the University staff benefits programs.

560.1.1.2 Part-Time. A part-time regular position includes at least 20 hours but fewer than 37.5 hours of work per week. Employees filling such positions are eligible to participate in the University staff benefits programs provided the position meets benefits participation criteria and approval has been granted by the appropriate vice president, the budget officer, and the Staff Benefits Office.

560.1.2 Temporary Staff Position. A temporary position is expected to last for a limited period, normally not longer than one (1) year. Employees in such positions are not eligible to participate in the University staff benefits programs and do not have access to the employee grievance procedure.

560.2 Physical Examinations. The University may require employees in designated positions to successfully pass a physical examination prior to beginning work and at such other times as determined by the University.

560.3 Introductory Period. All new staff who are eligible for staff benefits programs are required to attend orientation. Orientation is offered the first week of employment. The Office of Human Resources conducts this orientation. Because of the importance of the information provided, orientation is mandatory.

560.3.1 Introductory Period. All new, regular staff serve an initial three-month introductory period of employment. During the introductory period, the supervisor will work with the employee to assist with understanding responsibilities, work assignments and performance expectations. The supervisor will provide periodic feedback about tasks completed satisfactorily and those areas which need improvement. A performance appraisal will be completed during this three-month period.

560.3.2 Availability of Vacation, Sick Leave, Community Service Leave, and Convenience Day. During the introductory period, employees receive certain staff benefits. However, vacation, sick leave, community service leave, and convenience day will not become available until after the satisfactory completion of the initial introductory period.

560.3.3 Satisfactory Work Performance. Most employees are able to provide satisfactory work performance within this introductory period. However, if overall work performance does not meet expectations during this introductory period, employment may be terminated.

560.4 Performance Appraisals. Newly appointed staff members will be evaluated prior to completion of the introductory period and annually thereafter. In addition, the supervisor may conduct an informal session with the employee to review progress and seek any comments regarding work performance.

560.4.1 Purpose. The performance appraisal is intended to encourage discussion, review progress and accomplishments, assist the employee in achieving assigned tasks, and determine expectations for the next performance period. A performance evaluation may also be conducted if performance fails to meet the expectations determined by the supervisor or if the employee requests one.

560.4.2 Review Period. The appraisal period begins on April 1 and ends on March 31 of the following year for non-exempt staff and begins May 1 and ends April 30 of the following year for exempt staff. Performance appraisals may be completed on a more frequent basis at the discretion of the supervisor. The completed and signed forms are to be forwarded to the Office of Human Resources and will be placed in the employee's personnel file.

560.5 Visit to Human Resources. Staff members are permitted reasonable time during regular work hours to visit the Office of Human Resources.

560.6 Employer Expectations. The purpose of work guidelines at Indiana State University is to convey expectations of employee conduct on the job. Such guidelines apply to matters within a department that may have a bearing on an employee's ability to be effective on the job. Additional work guidelines specific to the individual's position, classification and/or work unit(s) may be required because of the nature of the work performed. Failure to observe work guidelines may be cause for disciplinary action, ranging from reprimand to discharge depending upon the seriousness of the incident and/or the number of infractions.

560.6.1 Absences. Employees are expected to be punctual and maintain a good attendance record. Every employee is expected to arrive at work on time and on a regular basis. Failure to notify the supervisor of absences within a reasonable time will constitute an unauthorized absence.

560.6.1.1 Unauthorized Absences. An unauthorized absence of three (3) consecutive working days may be considered cause for immediate termination. In the event that an unexpected absence or tardiness occurs, the employee is expected to contact the immediate supervisor prior to or at the beginning of the normal work shift.

560.6.2 Personal Appearance. All employees are representatives of Indiana State University and are expected to present and maintain an appropriate personal appearance and a proper attitude toward work. While there is no specific dress code (although departments may have guidelines), dress is to be appropriate to the tasks and responsibilities of the position. Dress imparts a perception to others as to the attitude and the seriousness with which a job is viewed. Questions concerning appropriate dress should be directed to the supervisor or department head or to the Office of Human Resources.

560.6.3 Expectations. Expectations include but are not limited to:

- a. Following the written or oral instructions of supervisory authority to carry out work assignments.
- b. Maintaining confidentiality of information and accuracy of records.
- c. Not using, possessing, or being under the influence of alcohol or controlled substances during work hours or while on campus.
- d. Observing all safety rules and practices including the use of protective equipment and clothing in the operation of vehicles and equipment.
- e. Reporting as soon as possible, at least within 24 hours, all accidents or injuries that occur during working hours or while in the performance of University business.
- f. Appropriate and constructive use of work time is expected. Activities such as theft, conversion of University property for personal use, sleeping on the job, loafing, loitering or engaging in unauthorized personal business or activities will not be condoned and may result in disciplinary action or termination.
- g. The transfer, use, or possession of explosives, fireworks, firearms, chemicals, or any lethal weapon on University property is prohibited. (See University Handbook Policy 725 "Firearms and Other Dangerous Instruments.")

560.7 Promotions and Transfers.

560.7.1 Promotions. In the selection of employees for promotions, consideration is given to the individuals who have the desirable qualifications that are specific to the position. University experience is often of particular value. Demonstrated ability and excellent work performance on campus will enhance opportunities for advancement. .

560.7.2 Transfer. A transfer is defined as a move to another position, usually at the request of the employee. Transfers may represent a lateral move, promotion, or demotion. Employees interested in a transfer from one job classification to another will find it helpful to consult with Human Resources staff regarding qualifications and available options.

560.7.2.1 Limitation on Consideration. Staff members must serve a minimum of six (6) months in a position, have satisfactory performance appraisals, and have not been issued any disciplinary action in the previous six (6) month period before being considered for a transfer. In extraordinary circumstances, any of the above criteria may be waived with the approval of Human Resources.

560.7.3 Acceptance of Another Position. An employee who accepts a position in another department on campus is expected to give the present supervisor a two-week notice. If circumstances permit, an earlier release date may be obtained. However, a department may not hold an employee longer than two (2) weeks following the notification of the transfer unless special arrangements are made between the supervisors involved.

560.7.4 Three-Month Evaluation Period. All promoted or transferred regular staff employees will have a three-month evaluation period. This time period is to be used to develop an understanding of work requirements and to adjust to the new position. A performance evaluation will be completed at the end of this period to ensure the employee is aware of job duties and responsibilities and is making satisfactory progress in the position.

Approval of Policy 562 Staff Discipline, Termination, and Resignation

562 Staff Discipline, Termination, and Resignation

562.1 Discipline and Termination. When disciplinary action against an employee is necessary, it may include, but not be limited to, oral reprimand, written reprimand, suspension and/or discharge. Disciplinary action may be imposed upon any employee for failing to fulfill the duties and responsibilities of the position.

562.1.1 Standards for Termination. The discipline imposed will be dependent upon the severity of the infraction and other factors related to the infraction and the staff member. Any disciplinary measure will be done in a manner that will not embarrass the employee.

562.1.2 Suspension or Termination. No suspension or discharge may be imposed prior to consulting with the Assistant Vice President for Human Resources and the appropriate vice president.

562.1.3 Notice. Any suspension or discharge notice must be in writing and must include a statement that the employee may, if not in agreement with the action, file a grievance following the established grievance procedure.

562.1.3.1 Limitations on Notice to Employee. In circumstances where the employee fails to comply with established rules of conduct and behavior, such as intoxication on the job, sleeping on the job, theft, conviction of a felony, or willful damage to University property, advance notice of discharge will not be given.

562.1.4 Introductory Period. Discipline and discharge provisions do not apply to staff members in the initial introductory period.

562.2 Grievance Procedure. If the staff member believes the disciplinary action taken is unfair or inappropriate, a grievance may be filed through the grievance procedure at Policy 565 *Staff Grievance Policy*. Staff members in the initial introductory period are not eligible to utilize the grievance procedure.

562.3 Resignations and Termination of Employment for Non-Disciplinary Reasons.

562.3.1 Notice by Employee to University. Employees resigning employment with the University are requested to give at least two (2) weeks' advance notice in order to resign in good standing.

562.3.3 Notice to Employee by University. Conversely, the University will, if possible, give at least two (2) weeks' notice to employees being terminated due to reorganization, end of temporary assignment or lack of funding. The University is not bound, however, to provide the employee with notice.

562.3.3 Last Day of Work. The last day of work must be a work day and will be the effective date of separation in all cases except when a disciplinary suspension is converted to a discharge, or when the staff member fails to return from a leave of absence.

562.3.5 Exit Interview. Upon separation of employment at Indiana State University, each employee is to contact the Office of Human Resources for an exit interview. During this exit interview, the employee will have the opportunity to communicate the reason(s) for leaving the University. This information will remain confidential and may be used to improve some work situations.

562.4 Reduction in Staff.

562.4.1 Transfer/Reassignment. On occasion, it may be necessary to make staff transfers in the interest of the University. When factors occur which require reorganization, program discontinuance, or financial exigency, the University will examine all alternatives prior to laying off staff. In certain instances, when employees have the skills and abilities to perform available jobs, the University reserves the right to reassign employees to positions within the University. Such transfers will be discussed with the individuals concerned before the transfers are made. In rare instances due to budgetary constraints, such transfers may be mandatory should the individual wish to continue employment at the University.

562.4.2 Short Term Layoff and Temporary Reduction of Force. Temporary reductions of the work force may occur periodically during the year because of vacation periods and conditions beyond the University's control. Introductory and temporary employees will be laid off first, provided the employees retained can perform the available work.

562.4.2.1 Time. A temporary reduction of the work force is not expected to exceed 15 calendar days. If a temporary reduction continues for more than 15 calendar days, the University may adjust the work force accordingly. During such reduction, the University will endeavor to give consideration to retaining long term employees wherever circumstances permit.

562.4.3 Long Term Layoff and Reduction of Force. Should it become necessary to reduce the work force of the University, appropriate consultation will occur with the University President, vice presidents, university general counsel, budget officer, Chief Human Resources Officer, as well as other appropriate executive staff. Before final action, the Staff Council Chairperson will be advised of the necessary action. Ability, skills, performance and length of service will be factors used in making the decisions as to those who will be affected by any reduction of the work force.

Approval of Policy 565 Staff Grievances

565 Staff Grievance Policy

565.1 Scope. A constructive work environment accommodates discourse between employees and their supervisors. Indiana State University encourages employees to bring forward concerns about work-related issues in a constructive and orderly way. It is the responsibility of supervisors to interact with those whom they supervise in a clear, fair, consistent, and professional manner. It is the responsibility of all University employees to perform their assigned tasks competently and diligently.

565.2 Responsible Office. The Office of Human Resources is responsible for implementation of the Staff Grievance process and any related procedures.

565.3 Informal Resolution. The Office of Human Resource will first work with both parties to resolve the situation informally.

565.4 Support Person. The grievant is entitled to have a support person present at each step of the grievance process. The specific rules and procedures related to the grievant's representatives shall be set forth in University procedures related to this policy.

565.5 Privacy. Information generated in the course of reviews of grievances brought under this policy will be kept private. Any person who improperly reveals such information will be subject to disciplinary action, which may include dismissal.

565.6 Allegations of Discrimination. Allegations of discriminatory behavior as set forth in [921 Americans with Disabilities Policy](#), [922 Policy Prohibiting Sexual Misconduct, Intimate Partner Violence, and Stalking](#), and [923 Discrimination and Harassment Policy](#) will be forwarded to the Equal Opportunity and Title IX Office for investigation and resolution.

565.7 No Retaliation. In order that employees may express opinions and views freely and responsibly, this policy prohibits any act of reprisal against a University employee for filing a grievance or against other persons for participating in the grievance process. Such acts of reprisal constitute in themselves violations of this policy and will result in prompt disciplinary action that may include dismissal.

565.8 Frivolous Grievance. It is a violation of this policy to file a frivolous grievance, a grievance based on false or misleading information, or to harass any employee. Any person filing a frivolous grievance, a grievance based on misleading information, or harassing any employee concerning a grievance will be subject to disciplinary action, that may include dismissal.

Recommendation: Approve the revision to Policy 560 and adoption of Policy 562 and Policy 565.

5h9 Modification of Policy 345 Academic Administrator Performance Reviews (Dr. Licari)

Policy 345 Currently only provides for performance review for academic deans. The policy revision includes a process for review of the Provost and other academic administrators. Faculty Senate has approved this revision.

Existing

345 Academic Dean Performance Reviews

345.1 Process for Review.

345.1.1 Time for Review. Comprehensive reviews of academic deans performance will occur during the third year of each dean's tenure and every three years thereafter. Details of the process are outlined in the document "Process and Criteria for the Evaluation of Academic Deans" which is available in the Office of the Provost and Vice President for Academic Affairs. Modifications of the document are subject to review by the University Faculty Senate Executive Committee and Provost.

345.1.2 Notification and Self-Evaluation. The review process will be initiated by the Provost who notifies the dean in writing that the review is scheduled and requests the dean to submit a self-evaluation.

345.1.3 Review Committee. The Provost will form a review committee to include three faculty members selected by the unit's faculty governance; a staff member and a department chairperson from the unit selected by the Provost; a student from the Student Government Association Executive Committee; and up to two additional members from outside the unit nominated by the dean or the review committee. The Provost, after consultation with the University Faculty Senate Executive Committee, will confirm the final committee and appoint its chair.

345.2 Standard of Review.

The review process will allow for broad, confidential participation of constituencies. Areas of performance evaluation will include leadership and planning, administration and management, internal relations (especially faculty relations), external relations, and other areas as appropriate.

345.3 Findings.

At the conclusion of the review, the committee will present a written report to the Provost and meet with the Provost to discuss the findings. The Provost will communicate the findings of the review committee to the dean being reviewed and

inform the University Faculty Senate Executive Committee that the review has been completed. The dean's academic unit will be informed of the findings within the privacy and confidentiality guidelines of the University.

Recommended

345 Academic Administrator Performance Reviews

345.1 Process for Review.

345.1.1 Time for Review. Comprehensive reviews of academic administrators (Deans and the Provost) performance will occur during the third year of each administrator's tenure and every three years thereafter. Details for the processes are outlined in the document "Process and Criteria for the Evaluation of Academic Deans" and "Process and Criteria for the Evaluation of the Provost" which are available in the Office of the Provost and Vice President for Academic Affairs. Modifications of the document are subject to review by the University Faculty Senate Executive Committee and Provost.

345.1.2 Notification and Self-Evaluation. The review process for Deans will be initiated by the Provost who notifies the reviewee in writing that the review is scheduled and requests from the reviewee a self-evaluation. The review process for the Provost will be initiated by the President who notifies the Provost in writing that the review is scheduled and requests from the Provost a self-evaluation.

345.1.3 Review Committee for Deans. The Provost will form a review committee to include three faculty members selected by the unit's faculty governance; a staff member and a department chairperson from the unit selected by the Provost; a student from the Student Government Association Executive Committee; and up to two additional members from outside the unit nominated by the dean or the review committee. The Provost, after consultation with the University Faculty Senate Executive Committee, will confirm the final committee and appoint its chair.

345.1.4 Review Committee for the Provost. The President will form a review committee to include three faculty members selected by the Administrative Affairs Committee of the Faculty Senate and approved by the Faculty Senate Executive Committee; a staff member and a department chairperson selected by the President; a student from the Student Government Association Executive Committee; and up to two additional members. The President, after consultation with the University Faculty Senate Executive Committee, will confirm the final committee and appoint its chair.

345.2 Scope of Review. The review process will allow for broad, confidential participation of constituencies. Because administrators are responsible for the performance and management of the personnel in their respective offices, the review of the administrator will necessarily include a unit-wide review of the office and as well as the performance of personnel within it.

345.3 Areas of Review. Areas of performance evaluation will include leadership and planning, administration, resource and personnel management, internal relations (especially faculty relations), external relations, and other areas as appropriate.

345.4 Findings of Review. At the conclusion of the review, the committee will present a written report to the initiator of the review to discuss the findings. The initiator will communicate the findings of the review committee to the reviewee and inform the University Faculty Senate Executive Committee that the review has been completed. The reviewee's governance unit officers will be informed of the findings with sufficient specificity to convey that concerns will be addressed but within the privacy and confidentiality guidelines of the University. The initiator will prepare a statement in collaboration with those officers to be presented to the governance unit.

Recommendation: Approve the revision to Policy 345 Academic Administrator Performance Reviews.

5h10 Modification of Policy 351.3 Failed Departments (Dr. Licari)

The proposed revisions to Policy 351.3 Failed Departments provides for additional clarity in the responses to failed departments, the establishment of a departmental receivership, and a mechanism for return to regular status. The Faculty Senate has approved this revision.

351.3 Failed Departments. Upon recommendation of the Provost and following the consultation process below, departments that systemically fail to meet their obligations as described in the previous section may be placed in receivership by the President.

351.3.1 Process of Recommendations

351.3.1.1 Recommendation of the Dean to Governance Unit When the Dean of a College determines, as a result of the department's failure to meet its obligations, that there are reasons to place into temporary receivership a department, the Dean shall present the matter to the College governance unit for a vote.

351.3.1.2 Recommendation of the Dean. The Dean shall consider the recommendation of the College governance unit and may choose to continue with the recommendation. The Dean, when making the decision to recommend that the department be placed into receivership, shall forward the conclusion of the College governance unit along with the Dean's own recommendation to the Provost.

351.3.1.3 Recommendation of the Provost to the Executive Committee. The provost may determine that receivership is unnecessary and instruct the Dean to seek another resolution to the department's problems. When the Provost agrees with the recommendation of the Dean to place a department into temporary receivership, the Provost shall seek the recommendation of the Executive Committee of the Faculty Senate. The Provost shall present the recommendations of the Dean and the College governance unit at that meeting.

351.3.1.4 Recommendation of the Provost to the President. The Provost shall consider the recommendation of the Executive Committee and may choose to continue with the recommendation to the President. The Provost, when making the decision to recommend that the department be placed into receivership, shall forward the conclusion of the College governance unit, the Dean, and the Executive Committee along with the Provost's own recommendation to the President.

351.3.1.5 President's Determination. The President shall make the final determination.

351.3.2 Departmental Receivership

351.3.2.1 Leadership A department in receivership shall be led by the Dean or the Dean's designee.

351.3.2.2 Suspension of By-Laws If the Provost certifies in writing to the Chairperson of the Faculty Senate that a department in receivership cannot be governed using the current By-Laws, the existing By-Laws may be suspended. New By-Laws will be authored by a Dean's designee ~~and may be ratified by either the Faculty Senate Executive Committee or presented for ratification~~ by the members of the department. **If the Department fails to ratify the bylaws, they will be presented for**

consideration by the Executive Committee of the Faculty Senate, where they may be ratified over the Department's objection.

351.3.3 Return to Independence.

351.3.3.1 When a department is placed into receivership, the provost shall identify specific criteria and benchmarks that must be achieved for a return to independent standing. The provost shall provide regular updates on the progress of any department in receivership to the officers of the Faculty Senate, who shall encourage a return to self-governing status as soon as feasible.

Recommendation: Approve the revisions to Policy 351.3 Failed Departments.
