

2025 BENEFIT SUMMARY: EXEMPT STAFF

The following summary is designed to introduce you to the many benefits offered by Indiana State University. These benefits change from time to time. There is more information available from the Employee Benefits Office and online. The University reserves the right to amend these benefits at any time.

LIFE INSURANCE

Participation is mandatory for all new benefits eligible employees. The coverage amount is 2.5 times appointment salary rounded up to the next whole thousand with a maximum coverage of \$100,000 and includes the same amount of coverage for Accidental Death and Dismemberment (AD&D). Coverage for employees age 65 or older is reduced to 65% of the amount for which the employee would otherwise be eligible. The University currently pays the entire cost of coverage. An assessed tax known as imputed life may be added to the employee's taxable liability for employer-paid premiums in excess of \$50,000 of coverage. Coverage is effective the first day of the month following the date of employment. With employment on the first day of the month, coverage would begin on the date of employment.

VOLUNTARY LIFE INSURANCE

Additional amounts of group term life insurance may be purchased on the employee, spouse and dependent children. For new employees, the guarantee issue levels are \$180,000 for employees and \$50,000 for a spouse if enrolled within the first 31 days of employment. For employees over age 65, the guarantee issue is \$90,000. Dependent children under age 19 can be covered up to \$10,000 each. For enrollment after 31 days, coverage may be approved only with evidence of insurability. Beginning at age 70, the coverage amount reduces. Employees pay the full cost of voluntary life coverage. This is not eligible for pre-tax deductions.

HEALTH COVERAGE – TWO OPTIONS:

PREFERRED PROVIDER PLAN

HIGH DEDUCTIBLE HEALTH PLAN

Both plans are self-insured (costs shared between the employee and the University)

Health coverage includes medical, dental, and prescription drug plans. Enrollment must occur within the first 31 days of employment, with coverage effective on the first of the month following enrollment. Enrollment beyond the first 31 days is available during the annual open enrollment period normally in October/November for coverage the following January 1 or within 31 days following an approved qualifying event.

The employee rates for 2025 are dependent on participation in our Wellness Program and employee/spouse tobacco use. To earn the Wellness Discount, an employee must have completed a Health Risk Assessment and Biometric Screening during 2024. New employees will automatically receive the Wellness Discount for the 2025 calendar year. Any employee or spouse covered on the plan who are tobacco users and are not participating in a cessation program will be charged a Tobacco Surcharge of \$50 each per month. Any employee whose household income is less than 200% of Federal Poverty Guidelines may apply for an additional discount on the Traditional PPO only.

The following chart illustrates the monthly rates for the two plans offered. Health premiums are paid on a pre-tax basis.
